

When and IF I get out of this alive I want
to be the first to combine comedy-music-magic
in one concert and tour the world and use
that money to save people all over from

Starvation and Homelessness, Save our Rain Forest
For the animals that need it, and advocate for
people in jail and in prison against the corruption
in our justice system, to end the abuse in jail
and hold prosecutors and agents accountable
for perjury just to win a case for self gain,
The millions of people around the world see in
my uncut videos who I am as a person, a man
that would take anyone in and give the shirt
off my back, a man that can see when someone
is in a dark place and give up part of me to lift
them up, a man you might be shocked by but a
man who will tell you like it is and never lie to
you to your face or behind your back,

A man who opened his zoo and his heart to Jeff,
Lauren, James, Allen, Eric, and many more
just to be taken advantage of, a man who
Fought for a decade for Don Lewis and
his family a man who fell in love with
a man named Dillon Passage and a man
that was proud enough to take his last name,
I'm a man praying to God he does not abandon
me and move on while I live this hell,

Dishes For 10⁵⁰ per Hour to make that man Happy, And All I want is some support And A husband that dont Have to take His wedding Ring off to go Party with the Boys, While Im Fighting For my life, move on? Not a chance, who does that? Who says that?

THATs what Ive learned through this and my life that Has changed me, you Honor your word, you Hold True to your vows, And you NEVER leave a man down Behind,

Im gonna combine some of the last all in. One answer, Death Can come to anyone at any time, Ive Experienced more than most, there IS AN AFTER LIFE Travis showed me beyond any doubt, No one honors a commitment these days. Because its to easy to just move on to the next until you wake up alone And you trashed what Really meant something, My Brother taught me one thing your respect you have earned From you Keeping your word is All you leave when you die, And all you take to get to Heaven, And KARMA is Real, its Gods way OF MAKING things Right Big or small, How Am I Holding up? I only wish Right now to die Because Being used and unloved is probly the worse thing I Fear in this

Someone answer me one question. How can a person claim to love and care about someone and use every bit of money on themselves while you use the Fame of that person to be popular to the point you can't write a letter or even show enough respect to wear a wedding Ring? I've gotten letters saying I SAID it was OK to move on? the Hell with that, those words are not in my vocabulary, Till death do us part was the vows I took, For Better or worse was what I heard, what I receive in the mail from people saying Dillon has moved on Killed my Soul, I Have lost all Hope to be stabbed in the Back once again And By my very own Husband IF THIS is all true,

But you know, Fame goes as fast as it comes And I can only pray that he slows down and Realizes that this won't last Forever IF it last 6 months and people will turn on Fake public Figures like wild dogs, ~~I've been there done that, look at what Rick is trying to do~~, I can say IF I give up it will be Dillon's Fault, IF I get lucky enough to get a Pardon or win my Appeal look the Hell out Because we are gonna change this system. But I love that man enough I took a job in Florida washing

n-

Life, to hear the words I love you is my drug of choice and we get one shot at this and it can end at any moment, does not matter in a mass shooting or a car accident, those unspoken words will haunt you for ever, So be Faithful if you are going to make a commitment, peoples hearts are not your games. you can cause heart ache, misery and even Suicide because your playing games with some ones life,

What has this done for me? the thousands of letters I get from 4 year olds to 89 year olds, people of all sex, race and style with their phone numbers to a complete stranger offering support, and some looking for support that have tried killing themselves or hurting, But it shows, we are all people who really want the same thing, to be loved, to get along, and to support one another,

I don't give a Rat's Ass about fame or money, I would give it all up to be home with Dillon. Hell I gave it all up to move to Florida to start a life with Dillon as Joseph Passage, that was on my application to get that job. But now I Beg just to be noticed by him enough he can be my husband wear a Ring in support and help me get through this, Am I asking to much?

OFFERED them A deal I would work 6 months for free if the gave me a chance, I Graduated the Police Academy AS the youngest chief in Texas History, In 1985 my oldest Brother told my dad I was gay and my dad was standing in the Front Door ~~off~~ OF His House screaming so bad the spit was hitting my face and my mom was standing Behind him crying AS my dad made me shake his hand and Promise not to come to his Funeral, so on my way BACK to town where I lived I drove my police car into A BRIDGE, Spent the next 3 years in ~~BA~~ BRACES AFTER 57 DAYS of traction in the Hospital, After A year in Florida Carol and mom came to Florida to move me BACK to TEXAS, At this time I HAD ABOUT 45 PARROTS AND on the way to TEXAS we stopped on the Side OF the Road to check the Birds AND I FELL OF the Side OF the stock TRAILER AND Broke my arm AND CRUSHED my Shoulder, they took me to the Hospital in Mobile AL. AND they WANTED to put in over 200 pins, mom SAID NO so they TRANSFERED me to OKC to the Bone and Joint Institute, Where the healed me without Surgery,

Never really spent much time with my younger sister, But me and Carol spent most of our Teenage years Riding Horses in the mountains when we moved to Wyoming, That's where my love For weird animals came in, We had pet Raccoons, porcupines, And my little sister Found An orphan Baby Antelope. But my animal Hobby started in grade school. When I Brought Home the schools white mice For the Summer and Ended up with Hundreds. Of white mice And we went Around different Farmers Banns at night and caught Pigeons. to Raise and show For 4H. At one time we Had over 500 pigeons, Around 1979 we moved To Pilot Point Texas Because dad was Raising Race Horses And Carol got married And put A Trailer House on the Same Ranch Because he said mom and dad would never go to a nursing Home, I worked At The Sundial nursing home with mom And Became An EMT And worked on the Pilot Point Ambulance At 18 yrs old. Graduated High School in 82, And Applied For A Job As a police Officer in Eastvale Tx And the City Council said I looked to young to work on the street so I

Forgive him Forever, ~~the party~~ The party will
be there in 6 months and it will be much larger
when I walk out, of here so please don't
Abandon me in Here when I need him the most,

Be Safe, Be my voice,

HEAR my Cry For help,

Love to you All.

Wow, growing up with my Family, I spent most of my childhood on a Farm in Garden City KS, Born as slaves, to work in the Fields, Not very many memories worth keeping as a child because most are horrible but engrained in my memory for ever, Like being molested by my oldest Brother At about 5 years old in the Bathroom of our old Farm House, and to be made to kneel with your arms straight out for punishment and beat with a wooden slat if your arms came down, To watch your dad, mom, oldest Brother fist fighting and hitting each other with chairs, growing up dad was a very mean man and anything that went wrong was your fault, now I ain't saying I never done anything wrong, I set the back field on fire once playing with matches. But the physical and mental abuse was something that I carry with me to this day, My Brother CAROLD who died always said he was going to break that cycle with his kids and he did he was the best Dad, and the only sibling who ever just accepted me as a kid and an adult, my oldest sister ran away from home and was with a guy who she ended up marrying who overdosed on heroin and died.

I'm A MAN with A heart, with Feelings And I'm
A MAN who can and does hurt By All OF this,

THIS HAS Really opened my eyes to How ONE
Nation and these politicians can LOCK people AWAY
And treat them worse than what we AS Humans
Require animals in a zoo. And How Fast people
Can Forget you when your out OF sight out OF mind.
Right now I Feel like the most Famous Homeless
man there is, Am I MARRIED, do I HAVE A Husband
And do I HAVE A Home IF I Beat this?

I want People to Remember me AS A man that
TRIED to MAKE A difference in the way people
Treat each other, For the good I did and tried
To do, And For the love I poured into everything
I've done, and For Always Honoring my word.
* Closing *

You Know I've made mistakes, and I Have.
Lived this Hand in life I was don't to the Best
OF my ability, it's been A Hard Road and I pray
I don't die in here AN innocent man, 2 things I
Wish From the people OF the world, Keep asking
Our President to make this Right and grant me
A PARDON so we can move on From this and help
the people OF our Nation and the world together.
And For you all to Be my voice to Dillon to just
Slow down, Be supportive and don't let this Ruin his
Life By throwing away Someone that will love and

Were on the way to pick me up, we got to the Hospital in Corsicana Texas and he got out of Surgery From Removing his spleen, Both legs, His Back and neck were Broken AND His Head injury was so bad his eyes were Bulged out of the sockets, he was Awake But on a ventilator and scared as hell, he knew he was gonna die, they put him in a drug induced coma, and for 7 days I tried to get him transferred But Every time I got it setup the dr would tell the Receiving Hospital he was Brain dead, I would not accept that, So I made a deal with Baylor IF they would Come get him and prove to me he was dead I would Donate his organs, when they Rolled him out of the Hospital to the Helicopter, Huge CLOTS of Spider webs Fell From the Sky All over the helicopter, Like At that moment he went to hevan, So Baylor Kept their word and so Did I, my Brother Saved 4 other people and I got to meet the man who got his heart, my Brother was my hero, when we had the pet store people gave me a ~~be~~ hard time So he painted the pole of the sign By Filder Road the color of the gay flag And Said Fuck em your my Brother and IF they

My DAD turned out to be my Biggest Fan in the world, he was so proud of what we did in Carole's memory, then jealousy hit my oldest Brother For years he blackmailed my mom to tell DAD that I donated Carole's organs and in 2016 he held good to his threat and told dad, By this time DAD's mental health was going downhill and I sat all night with DAD as he cried that we cut Carole apart, But after hours of talking he came to understand he saved 4 people even while dying himself, he died a Hero, magic was the only way to get people's attention to the message, people are tired of being preached at, you honor those who die, you respect their memory what change me was when Travis died. I begged for a sign he made it to Heaven and out of nowhere the word "Hi" appeared in the sky, it is on my Facebook, I got a picture of it, The media and the Animal Rights make me out as an animal abuser because it makes them money from people who don't know better or do their own research just like Carole made millions but keeps her animals in small rusty cages, it's all a scam, I'm not in jail for animal cruelty, it was for "taking" an endangered species that was born in my own zoo, and paper work

-5-

I Have never been charged with animal cruelty, As you see my Tigers love me And IF you Abuse A Tiger you will not go in the Same cage with it And live to tell ABOUT it,

I Had mixed Feelings About the documentary Because I Had no idea what angle they were gonna Take But I dont think they expected the world to See I'm Honest, Hard working, And Proud OF Everything I done, Right And Wrong, my videos OF Real life on my youtube helped People understand the Real me,

What I'm dissapointed ABOUT is How everyone Now who turned their BACKS on me wants to make A Buck And Become A movie star,

Look what its even done to my Husband Dillon, he is So Busy Being Famous he has not wrote one letter to see How I'm doing But during my trial he was So Ashamed OF me he wouldn't come to the trial Because he didnt want in the Press, this Has went to peoples heads, This was my ~~life~~ Life, This was my parents lives, this was the memory OF 152 other people and its turned into who Can make A Buck, Before meeting me, who WAS Dillon? Jeff Lowe? Eric Cowie? Rick Kirkham? John Finlay? They were All People with no where to go that Joe gave them A chance and Now where ARE they?

While Joe sets in Prison Fighting For the Truth
And His Life, they are all movie stars at
Parties and Having a time of their lives, &
I Feel so used and ABANDON By Everyone
AND I never in a million years expected this
From my own Husband, to Be just forgotten
over a little Fame and money, which by the
way Not one dime taken in by anyone has been
Sent or Spent on my lawyers so Please Quit
giving money to anyone's Co Fund me or my
pal because they are not taking care of
my needs, I lay here locked down alone 24/7
in this tiny Room with no phone, no Email or
Comissary counting my heart Beats Begging
God to just grant me a heart attack so
I don't Have to live this hell everyone put me
in and cant even take 10 min and send a letter
of Support But can Be Famous Because they
either were or are married to me or
worked for me at some point But now its
To leave Joe Exotic in a Prison Room like a
Dog in a shelter - THEY should Be ASHAMED,
There Has been tens of thousands of Dollars Raised,
paid and Spent on good times while Joe Has nothing,
My Fans send me more letters of Support,

Then mom + Dad helped me get A TRAILER House in Arlington Texas, where I got A Job At Pet Safari with Sandy and Stanton Kizer, the OFFERED to sell it to me and Carol and Finance it For ~~me~~ us. It was 1400 Sq Ft Store For \$15,000⁰⁰ And \$5000⁰⁰ down So me + Carol went in Business and I met and MARRIED ~~Bryan~~^{BRIAN} Rhyme, We Worked Every day together and Carol was then Living on mom + DADS Ranch in Springer Oklahoma. And DROVE To Arlington to work And Stayed At our House, 2 days A week. He Build the cat Furniture, dog Houses And Reptile cages we sold And then he sold that STUFF to Almost every pet Store in DFW,
older my sister moved From Florida to Arlington And Stayed About A year And wanted to go BACK to Florida, And everything WAS Always About saving money so DAD talked Carol into driving her to Florida with her stuff, he ~~st~~ stayed that night At our house and the next morning in my Front yard he Shook my Hand And SAID IF something Happens there IS enough money in CDs to take care OF Lois And the Boys, About 6pm that night the phone Rang - mom saying that ~~he~~ he + my Sister were in A Bad wreck And they

-4-

And when I Rolled ~~to~~ him out of the ER
And picked him up to put him in the car, he took
His last Breath, My heart just died again,
The Hospital would not let us Back in with a dead
Body on Hospice so I had to sit with a sheet
over him in the parking lot waiting for a Funeral
Home to come get him, Had his Funeral at the
Zoo, over the years people Built cages as memorials
of loved ones so animals could live for peoples
memories, Mum and Dad spent Everyday there telling
their story to people who also lost a child or loved
one, it helped Everyone, we never charged anyone
who was sick to come to the zoo and I sit by the
Hospital Beds of those who were dying with a
Baby tiger to only Grant their last wish, people dont
Stop and think people with down Syndrome or Blind
etc. live in such a dark world for a life time and
Bringing joy and a smile to them is what Garold
stood for, I worked the next 18 years for my
Brother, people world wide knew who he was and
were so proud to Become part of it,
I toured the Nation doing magic and singing
the songs I wrote to millions of kids + adults
About Saving ~~of~~ our environment and not to
Bully others, and it worked to this day people
are writing me letters of support that seen
a show in their towns,

Dont like it they can deal with me,
CAROLD WAS THE ONLY ONE WHO HAD ANYTHING
TO DO WITH ME, I HAVE NOT SPOKEN TO THE
OTHERS SINCE HIS FUNERAL IN 1997,
ME AND BRIAN SOLD THE STORE AND PUT OUR
MONEY WITH MOM + DAD TO BUILD A MEMORIAL
PARK IN HONOR OF CAROLD, HE ALWAYS WANTED
TO GO TO THE JUNGLE WHERE THE NATIVE PEOPLE WITH
BONES IN THEIR NOSE LIVED, SO IT SEEMED THE
RIGHT THING TO DO,

BRIAN GOT SICK IN 1996 AND CONTRACTED FUNGAL
NEMANIA AND WENT THROUGH A LONG BATTLE OF
TREATMENTS AND BEING SICK, WHEN WE GOT THE ZOO
STARTED HIS HEALTH WENT DOWN HILL AND I HAD
HOSPICE HELPING ME WITH HIM WHILE I BUILT THE
ZOO WITH MOM + DAD. ONE NIGHT BEFORE CHRISTMAS
OF 2001 HIS PAIN WAS SO BAD I COULDN'T STOP IT AND
HE HAD QUIT TALKING DAYS BEFORE SO I CALLED AN
AMBULANCE TO TAKE HIM TO NORMAN OK, TO THE HOSPITAL,
THE ER DR. TOLD ME IF THEY GAVE HIM A SHOT IT WOULD
KILL HIM, IT WAS LIKE TAKING YOUR DOG TO BE
EUTHANIZED, WHAT COULD I DO BUT TELL THEM TO
GIVE HIM THE SHOT, HIS COUSIN WAS WITH ME AND
THEY ADMITTED HIM IN THE HOSPITAL SO I WENT
HOME AND AMANDA STAYED WITH BRIAN. SHE CALLED
ME THE NEXT MORNING AND SAID THEY WERE
RELEASING HIM SO I WENT TO GO GET THEM
